Dedication

Dedication

We, the Class of 1953, are proud to dedicate this annual to our class advisor, Mr. John Vanek, who has guided us through our last and most vital year of school.

We hope this dedication will convey in part our appreciation for his patience, kindness, and personal interest in each of us.

We wish him prosperity and happiness in the years to come.

Class Prophecy

As I gaze into my magic mirror, I see all my old classmates. Why, there's Gary McKee, still puttering around at that filling station. And there's that John Montgomery pumping gas for that beautiful girl and still acting the wolf, I see.

Hey! What was that? It streaked past like a cyclone. Why, it's Roxie Pendleton. Hmmmm, she's still interested in track, a coach now though.

Why, there's Anna driving in her atom-powered car. She sure went places at that A-plant.

Look up there in that Jet, it's ----, Yep, Oscar Uhrig! Boy! doesn't he look snazzy in that blue uniform?

Now, back to earth, and what could be more earthy than a patrolman? Yep, you guessed it, Smittie. He made it, I see. They say he's the best darn shot on the whole force and, boy, has his cruiser got speed! ----

Why, here's Smittie's old sidekick, Clark, still trying to get to Columbus.

Here's Darold swabbing decks on a big Navy job. Wonder how his hot-rod business is doing out in California?

Here's that ole worker, Jean, still trying to cram more into her head, and plugging away at that office job. The perfect secretary.

Look, here's Rosie, and she's doing housework. I see she was serious after all. Yep, here comes Richard now.

Here's Bill and Gerald still together. Tonight they are racing in their hot-rods at the Indianapolis Speedway. Good luck, boys.

Here's the office of Joe Parker & Sons, Company of Architecture. He made it.

Ray Carter is the last of the Indians, and he's doing all he can to get his due publicity as the only living true American.

I see Don Mendenhall is still at Monkeytown, except it's increased in population until they needed a mayor. Yep, good old Don.

Here's Ruth Ann Roberts, living in a swank apartment in New York City, and proving life can be beautiful.

Here's Dorothy Chandler living in a swank apartment in New York also proving life can be beautiful.

The Chandler twins, Ernestine and Geraldine are sticking close together as the "Toni Twins."

Science projects and the annual trip to take part in project day is one of the really enjoyable HUNTINGTON MEMORIES. These projects represent additional time spent working in some field of individual interest.

Projects for 1952-'53 include paper making, plastic embedments, paint making, mirror making, silver plating, making ink, making rayon, making cosmetics, making soap, collecting insects, collecting stems, and a study of erosion.

Softball At Huntington 1952-'53

The second day of this school year, twenty-eight boys reported to Mr. Hurd for softball practice. The Juniors and Seniors, for the most part, were separated from the Sophomores and Freshmen for instructional purposes. Mr. Orr assisted with the younger group, and the entire group responded rapidly. Huntington fielded another fine team on the diamond. Inexperience and lack of preparation time made it difficult to compete with other schools, some having played during the summer. In spite of this, the one lost record stood at 500%. This was the first year that Adelphi was not in the league. The teams were divided in groups of three throughout the county. We played Southerstern, the eventual county champs, twice and the Clarksburg twice in the league.

Our team had batting potentiality, but we needed more time for maxium development. Several of the boys hit home runs during the season, and the average runs scored were eleven.

One thing to be remembered concerning this season was that in eight games our infield was able to make seven double plays. As near as we are able to find out, this topped by far any team in the county.

Neil Uhrig as a Freshman, did much of the pitching, and Ernie Dumm took over the balance of it. Bob Uhrig caught. Mendenhall, Gary McKee, Joe Parker and Bob McCarty played most of the outfield. Other boys, including Freshmen and Sophomores in the picture above, saw considerable action. This looks good for the future Huntington teams.

This was the first year for the new backstop. The boys are anticipating the inauguration of hard ball along with track in the spring.

Varsity Basketball Season

Our Varsity Basketball record this year showed one win in fifteen games. The record does not show how close most of the games were. In seven contests this year, Huntington lead for three quarters. In nine contests Huntington led at the half.

The new gym was being built and Huntington was forced to schedule more games away on larger, strange courts. In spite of this,fans who followed the boys closely saw much exciting basketball.

Robert Uhrig, Oscar Uhrig, and Donald Mendenhall finished their basketball at Huntington this season. They started every game and did a fine job. With a little more experience on the larger court, these fellows could have been rough for any county team.

Eight Junior boys have been out for basketball two seasons now and will be the first Senior class to the new gym. They will play together for the most part next year.

There is a fine Freshman-Sophomore team coming along. They will play together exclusively, so that a good team can be developed at Huntington each year, with proper facilities and gym floor-size to work with.

Probably the best games to remember in 1952-'53 were the early, local games with Bainbridge and Twin. These were undecided until the last few minutes. Coach C. O. Hurd.

Reserve Basketball Season

The Reserve Basketball squad this year closed it's 15 game schedule with a record of 6 wins and 9 losses. Although this record is not too impressive, we feel that this team has accomplished more than perhaps the record shows.

In the early part of the season, the squad was paced by Neil Uhrig who proved himself worthy of varsity competition and was moved up to the varsity squad. This loss temporarily left the team on shaky legs, but after dropping games to Southeastern and Bainbridge, we began to gain strength and turned back Clarksburg and Unioto.

Future varsity talent began to appear in several Freshman and Sophomore boys as the season progressed. These boys, along with others who had to sweat out many games on the bench, will be the nucleus of what we hope will be a better than average varsity team in the future.

To all the boys on the squad, we think they deserve a "thanks" for the hard work and co-operation which they gave to their team and school this year.

Lowell Orr - Coach
